

## Ordinance Amend WL Code related False Alarm Fees

**Agenda Bill ID:** AB 2008-09-04

City Council

### **Purpose**

To amend West Linn Municipal Code 7.230-False Alarm-Fee to reflect the newly adopted Master Fees and Charges.

### **Background**

When the new Master Fees and Charges document was adopted an amendment to the West Linn Municipal Code was never made to reflect how many false alarms, per permit year, a resident or business could have before being assessed the proper fees.

### **Discussion**

Stating a fee amount in the Code will require an amendment to the code each and every time the Master Fees and Charges are adopted.

### **Options**

(1) Amend the Municipal Code 7.230-False Alarm-Fee, to authorize the Chief of Police to require payment for false alarms upon (3) three false alarms in a permit year, in accordance with the Master Fees and Charges.

(2) Amend the Municipal Code 7.230-False Alarm-Fee, to authorize the Chief of Police to require payment for false alarms after; (3) Three false alarms in a permit year, \$50.00, (4) Four false alarms, \$75.00, (5) Five false alarms, \$125.00, (6) Six and additional false alarm(s), \$150.00.

### **Recommendation**

Option #1, amend Code to require fees upon the (3) third false alarm and a scale of fees to be set in the West Linn Master Fees and Charges adopted by Council.
